Company Name: EZYCROP PTY LTD

Product Name: Ezycrop Organosilicone Penetrant

APVMA Approval No: 81508/103233

Label Name:	Ezycrop Organosilicone Penetrant		
Signal Headings:	READ SAFETY DIRECTIONS BEFORE OPENING OR USING		
Constituent Statements:	ACTIVE CONSTITUENT: 1020 g/L POLYETHER MODIFIED POLYSILOXANE		
Mode of Action:			
Statement of Claims:	A non-ionic wetter/spreader/penetrant for use with agricultural pesticides.		
Net Contents:	1 L 5 L 20 L 110 L		
Restraints:			
Directions for Use:	This section contains file attachment. File Name: Ezy Organo-DFU- 0715.docx File Size: 22314 bytes		
Other Limitations:			
Withholidng Periods:			
Trade Advice:			

General Instructions:

GENERAL INSTRUCTIONS

Ezycrop Organosilicone Penetrant is an organosilicone based surfactant containing a unique blend of various polymers. Ezycrop Organosilicone Penetrant is a highly effective wetter/spreader/penetrant. It is effective with most agricultural chemicals unless otherwise stated on label.

While Ezycrop Organosilicone Penetrant has been proven to be a highly efficient surfactant, timing, weather conditions, method of application, and/or mixture with other chemicals not specifically recommended are beyond the control of the seller. Therefore, the user should carefully observe spray deposits, rate efficiencies, compatibilities and effectiveness in initial applications and adjust the adjuvant rate accordingly.

MIXING INSTRUCTIONS

- 1. Mix pesticide product with water when tank is about 30% full;
- 2. Then when tank is nearly full add Ezycrop Organosilicone Penetrant;
- 3. Complete filling tank.

Resistance
Warning:

Precautions:

Protections:

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT Do not contaminate streams, rivers or waterways with chemical or used containers.

Storage and Disposal:

STORAGE AND DISPOSAL

Keep out of reach of children. Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight.

Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

Safety Directions:

SAFETY DIRECTIONS

Do not get on skin or on clothing. Causes eye irritation. Do not get in eyes. Harmful if swallowed. Avoid breathing vapour or mist. Avoid using product in a manner as to directly, or through drift, expose workers or other persons. Always follow the precautionary statements on the label of the pesticide(s) that are to be used with Ezycrop Organosilicone Penetrant. Applicators and other handlers must wear goggles or a facial splash shield; chemical resistant gloves, such as nitrile rubber > 14 mils or neoprene rubber > 14mils; coveralls or long sleeved shirt and long pants; shoes plus socks and mists filtering respirator. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use wash goggles or face shield, gloves and any contaminated clothing.

First Aid Instructions:

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia: 13
11 26. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If ir
eyes, hold eyes open, flood with water for at least 15 minutes and see a Doctor.

First Aid Warnings:	

DIRECTIONS FOR USE

SITUATION	RATE (per 100 L spray mixture)	CRITICAL COMMENTS
FUNGICIDES	30 – 60 mL	The use rates of Ezycrop Organosilicone
INSECTICIDES,	30 – 60 mL	Penetrant are given as a guide only.
MITICIDES		
Foliar Micro-Nutrients	30 – 60 mL	Always follow directions of pesticide label where
HERBICIDES:		an organosilicone is recommended.
General Post Emergent	50 – 100 mL	
General Low Volume	100 – 200 mL	Do not use if pesticide manufacturer prohibits
Glyphosate, Metsulfuron	200 mL	surfactants.
on Gorse/Bracken Fern	100 mL Hand gun	
on Brushy/Woody Weeds	200 mL Boom spray	

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.
